This Book was given by 'Watej' to the President Ramana Center & the Path way Magazine. who sent it for review. This Book has been read & appreciated by thousands of people in the west. I am receiving letters that one reading of the Book ~~will~~ has awakened some people.

Ganesan has just given me "Wake Up And Roar" to review for "The Mountain Path."

It's a very beautiful book. Vajra and I have read from it with much happiness.

Now the prospect of writing something about it evokes a sense of awesome responsibility.

I ask for your blessings in this work.

all love,

DN.
