Dear Son,

Recd your letter dt 4-8-91.

There are one hundred people who came for Satsang today, we can not accommodate more than 70 in the room actually went to seat only 30 people. Due to Dev Prem & Hari Devi who were influenced by Osho leaders & put it on the Computer, has been circulated all over the world. People are coming here & have been renting the Houses in Indira Nagar, I have no rest at all.

There are 8 people who have met with Ganga Ji. They sing Her praise & are grateful to her.

3 people from Hawaii have come today including a wife of Dr. Joseph & two others. Poonja is shifting to Lucknow,

Please write to Sven Kress, Austria
& Prashant (Dink) who is every day
recording my talks.

You will find enough material for
your Book.

Many Osho Germans are meeting
with Yamuna, and have become a family.
Some Osho Sanghis have abandoned
their Sanghis names & are getting names
from me & asking me to perform
their marriages.

Deepren has written to me that
300 people are attending his
Satsang. Andrew & his stooges are
in great pain. He is sending his
police to different people, May &
Meera & say they will go to see you.

With love to Ganga & I &
my dear Son,

Your loving father
